THEME: Where does your water shed?

Where does your water shed in your life? Do you know what a watershed is? A watershed is an area of land that channels rainfall and snow melt to creeks, streams and rivers before going to larger rivers, bays and oceans. You are always in a watershed even if you don't see it. You can find your watershed by visiting mywaterway.epa.gov.

TEACHERS: Free watersheds demos are available virtually! Contact Stephanie DeNicola to set up!

GUIDELINES: Submit this form and the student's picture via email to Stephanie DeNicola at stephanied@culpeperswcd.org. Posters can be submitted as JPGS but if they are converted to PDF that would be preferred if submitted multiple students. Posters must be 8.5" by 11". Submissions must be done by hand using colored pencils, crayons, markers or paints and can be submitted in color or black and white. **Deadline for submission is March 5, 2021.** Be creative!
